## Woodland Trails District Roundtable Notes

### Why get Trained?

People have gaps either in skills or knowledge and training can help fill some of those. Some people know what the gaps are and others don't but the more training you do the better you fill those gaps in.

Training can not only help fill in gaps but it can give you idea's to make the program better for the kids in the program and make it more fun for them.

When you are a trained leader you will show that you are more knowledgeable and more confident in your role. That also shows the kids that they can get training to accomplish goals not only in scouting but in life.

For the BSA there is training on-line as well as in person for almost all positions. There is even training for events such as swimming and boating or climbing that you can take.

### Dutch oven specials

#### Cooking Method And Dutch Oven Temperature Chart Briquette Numbers

1. Roasting – Divide the heat. 1:1 ratio with even coals on top and bottom.
  2. Baking – Divide the heat. 3:1 ratio with most coals on top.
  3. Simmering & Stewing – Divide the heat. 4:1 ratio with most coals on bottom.
- Frying & Boiling – Con-

Resources: My.Scouting.Org App is now ready for your Android phone as well as iPhone. With training as well as unit info on it. Try it out.

Pack: Pack Committee, Cub Master, Den Leader, BALOO, outdoor ethics,

Troop: Troop Committee, Scoutmaster, Outdoor ethics, Merit badge councilor

Crew: Crew Committee, Crew Advisor, Outdoor ethics,

Safe Swim defense, Climb on safely, Hazardous Weather, safety afloat, and many more...

Don't forget the most important of all training YPT.

Changes coming to training are a new YPT that everyone will have to take the beginning of next year and national has combined OWLs and BALOO to be together so one overnight with training and your are good to go.

Please talk to a commissioner if you need training.

centrate the heat.

Mainly any recipe that you have just have to look at the temperature and time.

Then determine the size of the Dutch oven for the amount of briquettes.

#### Au Gratin Ham and Potatoes

-2 boxes Au gratin potato mix

-2 lbs shaved ham

-extra cheese

-Water

-Onion (optional)

Heat oven to 400 degrees adding mix, ham, water and anything else they want. Let cook per Box instructions and serve. EASY for the boys
