**Continually monitor your patrol members for signs of frost bite, dehydration, and hypothermia throughout the day.** If a member of your patrol is in need of first aid, please assign someone to help that person and two others seek out a registered leader. First Aid/Warming stations are provided. The Main one is at the Gym (where registration occurred). **If you are unsure of any particular skill at any station, you may at any time seek out the answers from the pages of your Boy Scout Handbook.** Upon arrival at each station, the Patrol Leader will announce their Troop number and Patrol Name. Patrols should give their yell immediately following. Proudly display your flag at all times. All of these contribute to your Patrol Method points.

**Remember to DELEGATE jobs to other members of your patrols and work together as a team.** Your scores today will be in how well you work the Patrol Method at each and every station. Many of the stations have multiple things that need to get done. Divide and Conquer! Assign parts to different patrol members so you don't have to wait around too long. Some stations are timed and you are awarded more or less points based on your time. A Warm Healthy Lunch is scored as well. **After completing the station or if your time expires, you will need to proceed to the next station (check your map and compass).** Scouts will be given 40 minutes at each station and 10 minutes to travel between stations. NO Leaving Early to the next station.

**Sled Patrol Leaders will wear a FLAG for identification throughout the day. 10 Min travel Time between Stations.**
